

School/Club Office Trip

It is our mission to spread smiles! Like you, we strive to provide others with the tools necessary to build confidence, increase self-esteem and work toward a bright and healthy future. That's why it is our pleasure to invite you and your club members to visit us and see for yourself what we do to make people smile!

Yes, you're invited to tour our office to meet me and my staff and learn about the creation of beautiful smiles through quality orthodontic treatment. Here's your group's chance to tour our office, get individual molds of their hands, learn about oral hygiene, bands and brackets, discuss the treatment process and enjoy snacks and fun on us!

Simply contact our Office Coordinator at 847.215.7554 and fax this completed form to 847-215-7563 or email to yan@razdolsky.com to set up your complimentary group tour and enjoy a great time of learning and camaraderie as your members receive a smile education!
